

# Benefit Interest

I am interested in learning more about the following benefits. To earn these benefits, I can work with Chimorel or I can develop benefits for my organization.

**Short-term Disability**

**Child Care**

**Medical Savings Account**

**Long-term Care**

**Retirement Programs**

**I am also interested in:**

**Cancer**

**Dental**

**Identity Theft**

**Major Medical**

**401(k)**

**Accident**

**Pre-paid Legal**

**Scholarships**

**Life Insurance**

**Dependent Care**

As an individual or a small organization, benefits can be expensive and difficult to obtain. Working together as an Association or as a contractor or employee with Chimorel, we can explore ways to obtain the best benefits at the lowest possible prices.

Establishing benefits for yourself or your organization is something we intend to consider after you have been actively involved for at least six months, once there is adequate interest expressed.
