# Sales/Mktg People Local	# Local Employees	# National Employees	
Email	Best Phone	Website	
4-7 Words That Describe What You Do			
Your Favorite Charity		Charity's Local Phone	
Other Contact Information			

**4-7 Words Describing What You Do:** The most important thing you can do to grow your business is to quickly tell someone what you do. We will use these four to seven words as part of the contact information to post or tell others about you as you become actively involved with our program.

**Your Favorite Charity:** Sometimes we like to thank you for doing special things for Chimorel by supporting your favorite charity. We have many programs that can assist your favorite charity to develop funds and support their constituents. If we can support your favorite charity, would that be something you might appreciate. *Could Chimorel become your favorite charity?*

**# of employees locally, # of employees nationally:** The size of your firm will suggest significantly different approaches to support others and to assist you.

**# of Sales / Marketing People (in your firm):** This gives us an indication of the marketing effort you already do. Depending on this effort, we can target the best way to support you and grow your firm.

**Other Contact Information:** Being able to contact you and the other important people at your firm can open many doors for Chimorel and for you. This field scrolls as needed.
